

fireology

Firexo fire extinguishers can fight all classes of fire (Class A, B, C, D, F and Electrical fires). They can even be used on Lithium-ion battery fires.

This stops the question of whether a fire extinguisher can fight a certain fire. This makes them ideal for an untrained user.

Firexo offers many options for the home including a Pan fire satchet, a Mini Home extinguisher and a 500ml stainless steel fire extinguisher.

Firexo's home range can be used for fighting

Wood, paper and cardboard fires

Flammable liquid fires

Flammable gas fires

Flammable metal fires

Electrical fires

Cooking oil or fats fires
